Do you think that your parish might be interested in paying for part of your tuition?

Name other sources of scholarship support (family, parish, other institutions, Catholic Teacher scholarships, work study, loans, or other).

Please note any changes of circumstances since submitting your original PFT application (attach additional page(s) if necessary):

**PLEASE NOTE** that the Promise for Tomorrow Scholarship Committee has indicated for future notice that it will begin to compare how many courses students indicate that they intended to take in a prior year's application and actually did pursue during the following academic year. The PFT Committee expects that all students will be as realistic as possible about their course projections on their applications. The PFT Committee commits funds to students based on financial need. If any student or group of students inflates the amount of courses that they intend to take but, in reality, do not, then the PFT Committee is unable to award that scholarship money associated with inflated course projections to other students in dire financial need for tuition assistance.

Additionally, for any and all future reapplication scholarship assistance, the PFT Committee requests that students send a letter of explanation if they did not use any of the prior academic year's scholarship award.

Re-applications should include your **initial scholarship application essay, original parish recommendation, current transcript, and updated FAFSA.**
